Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The Examiner would like to thank the Applicant for calling regarding the application because a telephone conference is useful to expedite examination.

The Examiner remarked that he is a junior Examiner with no negotiation authority.

Regarding the rejections under 35 USC 112, second paragraph, the Applicant proposed amending the claims to link the preamble, the calculated results, and the displayed results. The Examiner remarks that this would appear to overcome the rejections.

Regarding the rejections 35 USC 103, the Applicant reviewed the operation of the invention, and proposed amending the claims to clarify the independence of the 2D grids. The Examiner remarked that this would appear to overcome the rejections.

The Applicant proposed a future discussion after the response has been received. The Examiner agrees that it would be useful, and agrees to a discussion after the response has been received.
